

PROSPEED TORTILLA & EMPANADA SYSTEM

Elevate your production efficiency with ProSpeed™ Complete Line Solutions—designed to optimize your food processing operations, ensuring speed, accuracy, and superior quality.

The ProSpeed™ line encompasses a series of advanced systems tailored for various food applications, each integrating state-of-the-art interleaving and stacking technologies. By automating your production processes, these solutions enhance productivity, reduce labor costs, and ensure consistent results across your product offerings.

SYSTEM COMPONENTS: ProLeaver 32300 | ProStax Ferris Wheel Stacker

FEATURES

- **Efficient Handling:** Automates interleaving and stacking of delicate tortillas and empanadas.
- **Compact Design:** Space-efficient layout allows for easy integration into production lines.
- **Durable Wash-Down Construction:** Rugged stainless steel design built to withstand the rigors of continuous operation and easy sanitation.
- **Quality Control:** Precise stacking reduces product damage, maintaining high presentation standards.
- **High-Speed Performance:** Designed to process at optimal speeds without compromising quality.
- **Seamless Integration:** Compatible with existing production lines for easy upgrades and minimal disruption.
- **Remote Monitoring Available:** Diagnostic system provides real-time oversight and troubleshooting capabilities.

**Elevate your production
with the ProSpeed** - where
precision meets versatility.

TECHNICAL SPECIFICATIONS

Operating Width

32"

Cut Length

4.5" minimum

Production Rates

Up to 150 portions per minute,
per lane (product dependent)

Multi-Lane Capability

Yes

Utilities

Electrical: Grounded 480 VAC,
3 Phase, 15 amp, 60 Hz

Pneumatic: 60 PSIG @ 1 SCFM

Interleaving Material

Paper: Uncoated, Wet or dry
waxed, Silicone coated, Bakeable

Film: High or low density
polyethylene, Polystyrene

Rollstock: Up to 18" diameter x
32" wide with a 3" diameter core

Certifications

Patent Pending
